

23 FEBRUARY -
3 MARCH 2019

We want wellies of all sizes for people without their own who come to our events, like bat walks, bird watching mornings, tree planting days, etc. So dig out any old wellies that you have that are still watertight and not too smelly, give them a clean off so they're not too muddy either, and get them ready for their next adventure!.

WELLIE AMNESTY!

How many old pairs of wellie boots have you got lurking in your cupboard under the stairs, boot room or shed? Now's your chance to de-clutter and give your unloved wellies a new home - protecting the feet of visitors to the Marlborough Downs!
